

First mark layout 1/8 in. to left NOT ON TOP
this is an offset so flag is more on top.

1. Lay two red threads from left to top
Do Not come back down

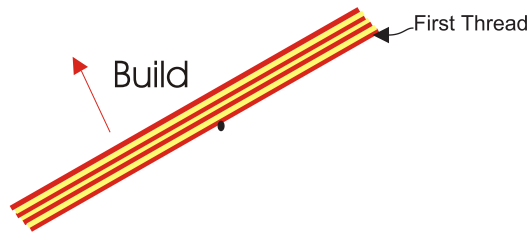

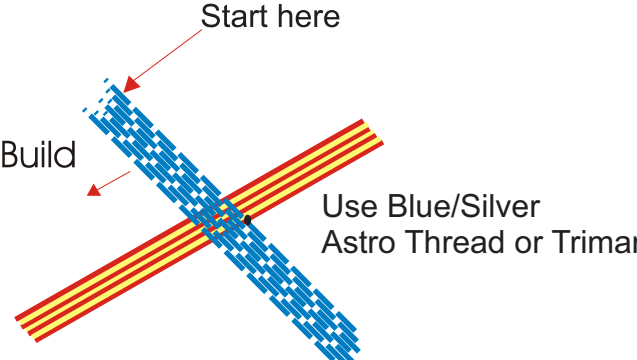

2. Next lay two white threads to Left Up to top
used yellow for contrast

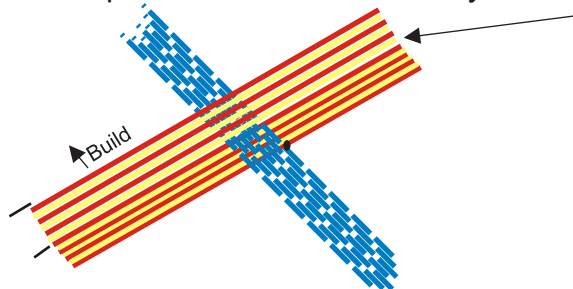

3. Continue till you have 4 red stripes and 3 white stripes

This is what it looks like

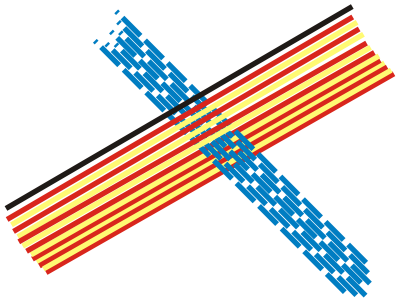

5.  Wrap Blue/Silver till you have 16 theads

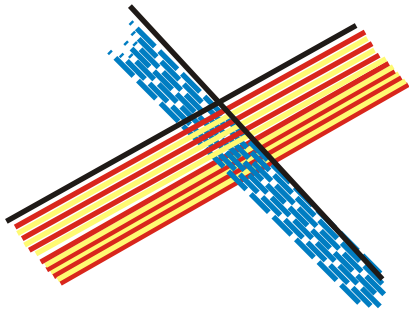

6. Next make stripes. White then red untill you have 3 of each.

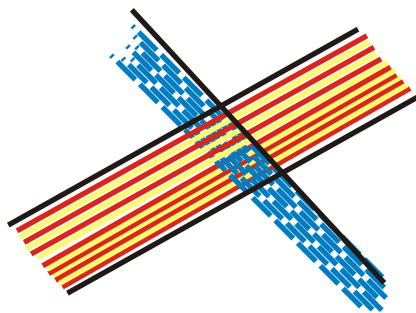

7.

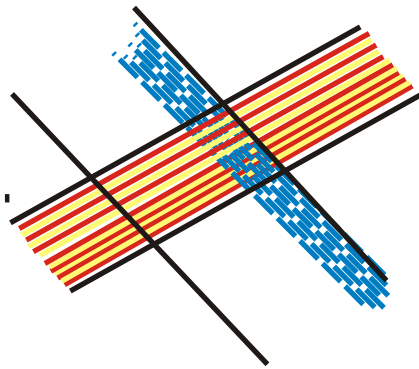

8.

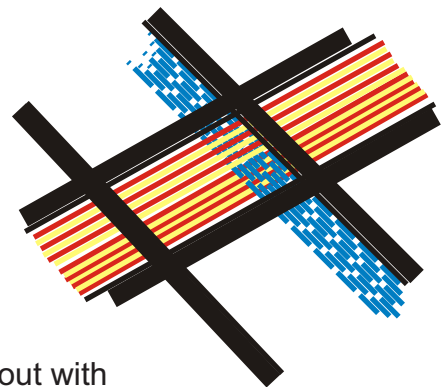

9.

10.

11.

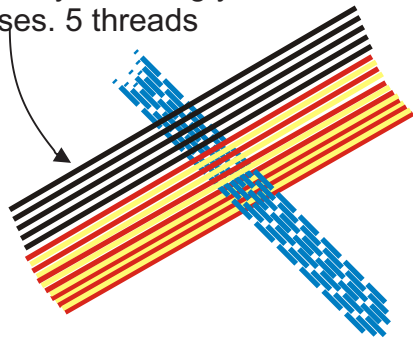

Close out with
Black Braid one side at a time

To add flag pole follow
these steps 7 - 13.

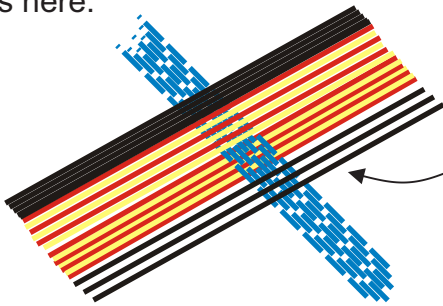

The length of bottom of flag pole is determined by how long you make these passes. 5 threads

7.

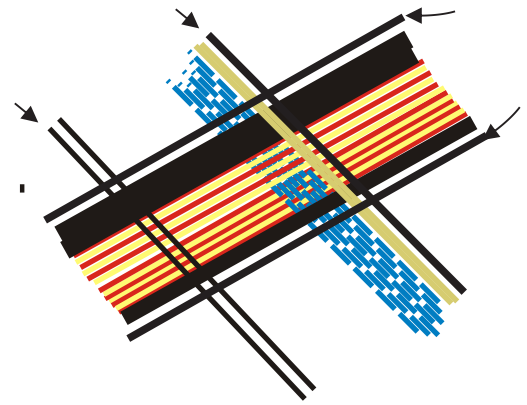

The top of flag pole is determined by the number of threads here. 3 threads

8.

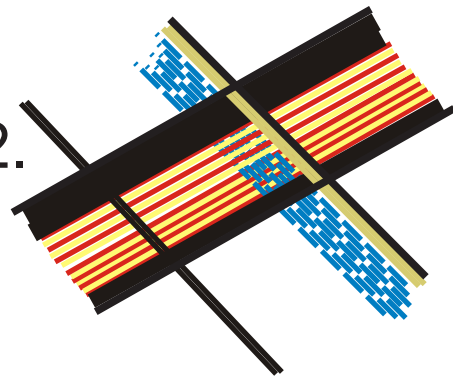

Now box out in one black thread.

11.

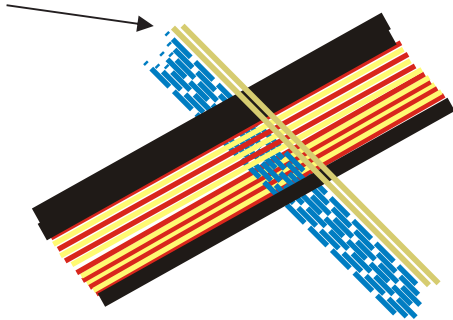

Push pattern tight. Make sure the stripes are straight.

12.

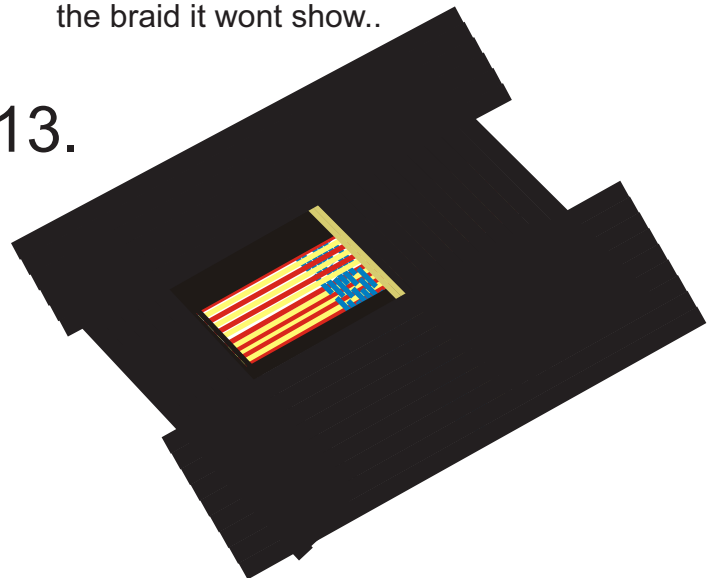

Now place two gold threads for pole

9.

Now box with Black braid to close. One side at a time. You can overlap the braid it wont show..

13.

Now a black thread to set the length of Flag
